Medline Canada Financing Program

Are you opening a new clinic, expanding or redesigning the one you have for greater efficiencies? Why deal with a large financial institution that doesn't understand your healthcare financial challenges or have flexibility in financing terms or interest rates?

Through Medline Canada, you can directly finance all your equipment purchases over \$5,000, at a very low interest rate and payment term options. We are introducing an industry first, 0% financing option that will allow you to avoid the upfront payment and free-up your cash flow while getting your new or expanded clinic operating efficiently.

Flexible financing solutions

Alleviate the strain on your cash flow.

3 or 5-year terms

Finance all your equipment directly through Medline Canada and explore payment term options.

0% Interest

Available with supply agreement.

“Medline having that finance deal really took the burden off having to incorporate that in our build out cost, which also allowed us to spend the money and make the facility just a little bit more in depth.”
